WELCOME FROM ELIAS FOUTSIS

Our era is characterized by increasing globalization. Every day, technological advances that allow for the instant transmission of information change the way we communicate, the way we work, the way we learn and the way we live our lives. At the same time, international trade and tourism and worldwide media communication are expanding. Individuals, corporations, markets, and nation-states can reach around the world faster and more cheaply than ever before. Traditional boundaries between culture, commerce, technology, politics, and the environment are rapidly disappearing. National borders are no longer barriers to learning, living, and working. People may speak different languages, eat different foods, and worship in different ways, but we do not do so in isolation. The world today is a global village and we are all members of the same community.

We know that advanced education is the key to making the most of its challenges and opportunities. We also know that a well-chosen course of academic study and a degree from a prestigious university are prerequisites for a successful career in this highly competitive environment. For this reason, at UNYP we pride ourselves on our academic collaboration with well-known international universities.

We want to expand your global horizons

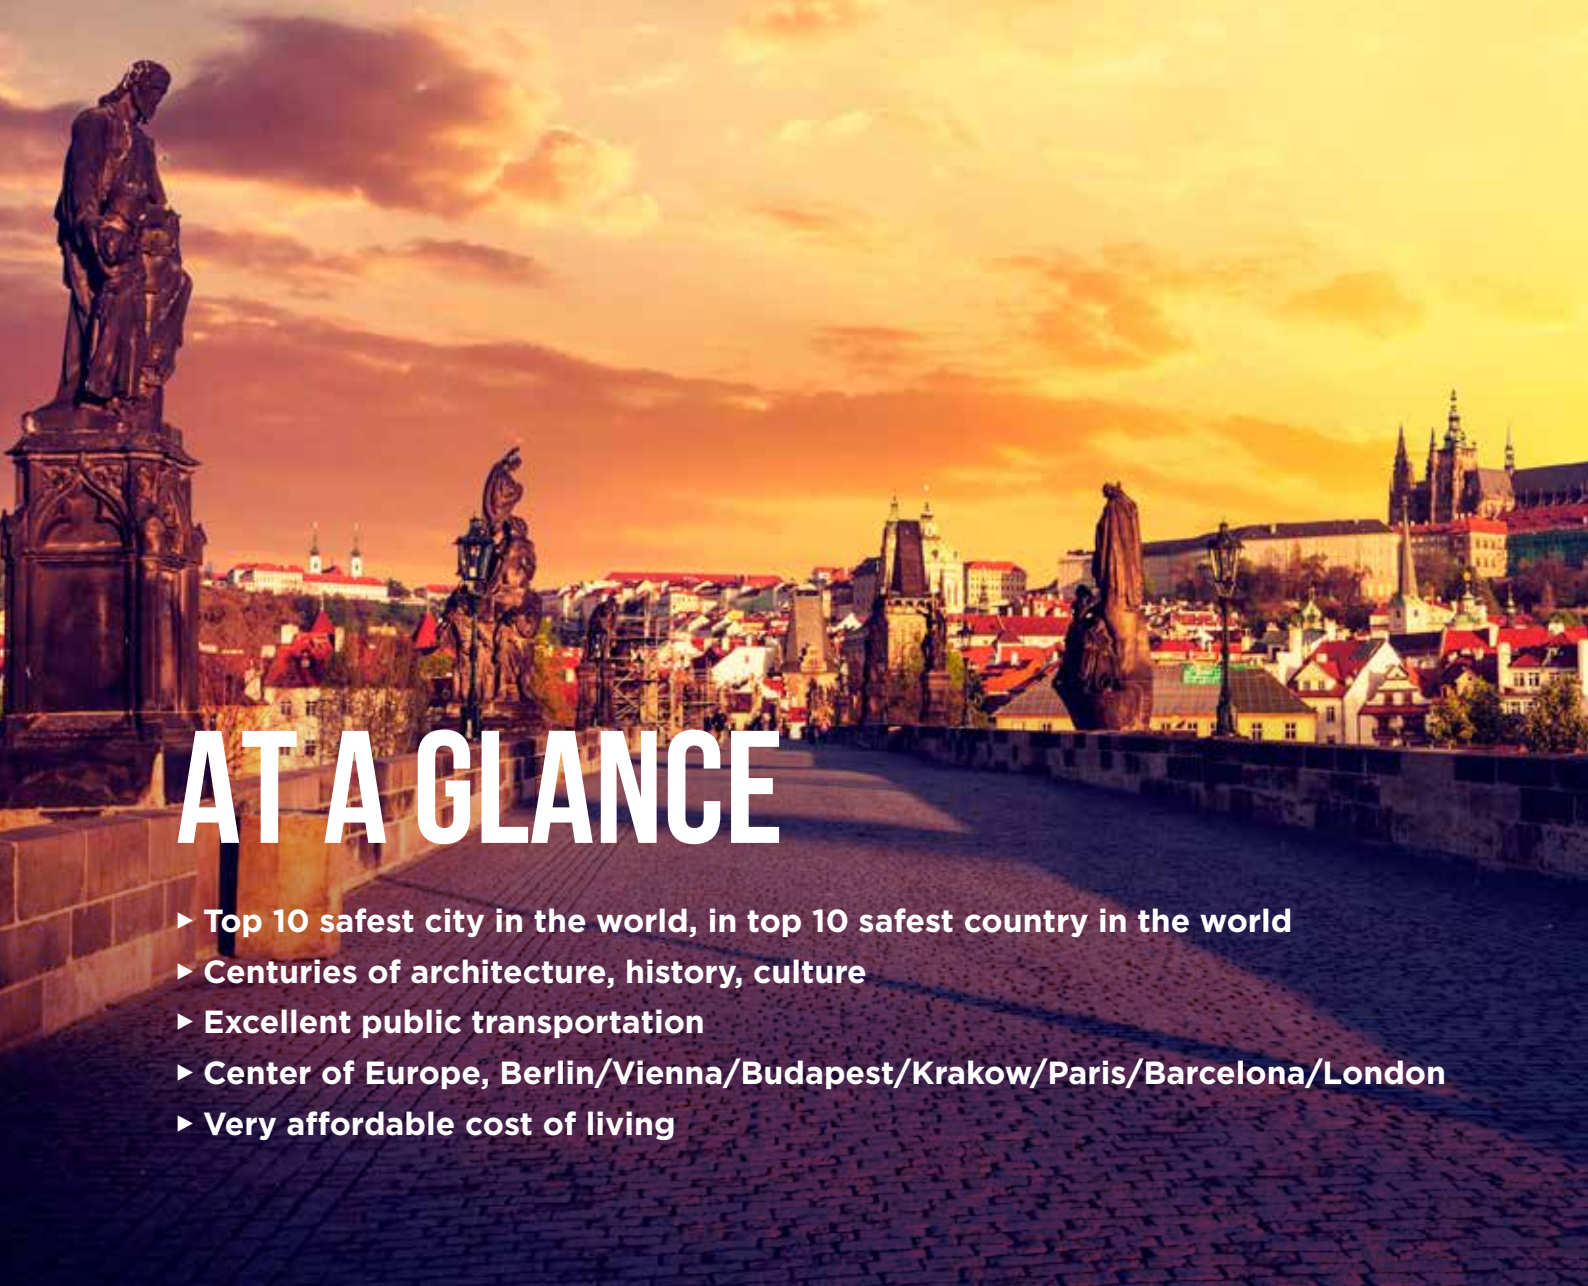

Our aim is to provide you with the knowledge, experience, and multicultural perspective that will allow you to explore, learn, question, create, and thrive as productive members of a global society in your chosen careers.

UNYP is proud to present a diverse range of academic choices and opportunities for you to study with a distinguished international faculty dedicated to an interactive teaching style. We are dedicated to an interactive teaching style, and we maintain high expectations for our students and high academic standards in the classroom. We are committed to giving you the personal attention, support, and care necessary for you to succeed and realize your full potential.

I welcome you to UNYP and wish you all the best in your academic studies, as well as in your personal lives and future professional careers.

**Elias Foutsis, Hon Ph.D
President**

TESTIMONIALS

TEXAS TECH UNIVERSITY

“As one of our **strongest partners**, UNYP responds quickly and kindly to all inquiries. The semester-long programs are well rounded and have a **wide variety of course offerings** that students from different academic disciplines can utilize toward their degrees. Their programs possess **quality and affordability** for students, and the administration acts reliably throughout the study abroad process. Their **commitment to serving** students and staff alike speak volumes.”

► **Whitney Longnecker** - *Director of Study Abroad, Texas Tech University*

MACROMEDIA UNIVERSITY

“I first met Andreas Antonopoulos, UNYP Rector, at an International Fair in Paris. He asked me about potential cooperation, as the profile of Macromedia University caught his attention. I was drawn to his **professionalism and kindness** right away and I knew I would not be disappointed. UNYP’s staff is highly service-oriented, they take care of any issues right away and they **never lose sight** of their and the students’ priorities. Even though our cooperation is quite new, it feels as if we have been collaborating for much longer, as we know we can **always rely on them**. We got invited to Prague to visit the campus, see the facilities and dormitories and were **enthusiastic about the dedication** towards the students. George Kokkalos, UNYP Admissions Director, even spent his free time in the evening with us to have some drinks in one of the restaurants close to campus where UNYP students receive discounts. We almost felt like students again, and could easily imagine why **our students enjoyed their stay in the golden city** so much. I would **highly recommend UNYP** as a partner and for our students!”

► **Ronja Fries** - *Manager, Central International Office, Macromedia University*

PARIS SCHOOL OF BUSINESS

“PSB Paris School of Business and UNYP University of New York in Prague have been working together for more than 10 years. This collaboration is very successful; indeed, more than 100 PSB students studied at UNYP. PSB and UNYP strengthen their partnership through different agreements: **bilateral and study abroad**. Moreover, PSB students were able to get the Bachelor of Business Administration through the study abroad partnership. **Feedback is always very positive** due to a high level of classes, administrative staff always available to help students with their issues, great location and modernity of the new campus. All this combined allows our students to get a **wonderful experience at UNYP**. The multicultural environment offers students the possibility to increase their study level and widen their mind to different cultures. Highly qualified teaching staffs are **attentive to our students** and lead them to grow up! Professional relations have also always been very efficient, we have had the pleasure to host UNYP members at all our International Days. All these positive facts make relations between UNYP and PSB really important and highly esteemed.”

► **Corine Dieppois** - *International Relation Coordinator* and **Clémence Macherez** - *Head of International Mobility, International Department, Paris School of Business*
